Addendum # 3 Outdoor Warning Siren System Upgrade

Date of Addendum: 8/21/2025

NOTICE TO ALL BIDDERS AND PLANHOLDERS

The Proposal Documents for the above-referenced Project are modified as set forth in this Addendum. The original Proposal Documents and any previously issued addenda remain in full force and effect, except as modified by this Addendum, which is hereby made part of the Proposal Documents. Vendors will take this Addendum into consideration when preparing and submitting a Proposal and shall acknowledge receipt of this Addendum in the space provided in the Proposal Documents.

PROPOSAL SUBMITTAL DEADLINE

The Proposal submittal time has been changed to Tuesday, September 9, 2025 at 2:30pm. The last day for questions is now noon on Tuesday, September 2, 2025.

1.0 – QUESTIONS AND ANSWERS

The following questions and answers are provided as a matter of information to clarify issues raised about the Proposal Documents.

Item	Questions and Answers
1.20	Q. Can you provide an estimated schedule of when the County anticipates each phase will be completed in order for maintenance to be quoted. A. Phases will be implemented based upon available funding and total capital projection.
1.21	Q. Will the County be willing to provide an additional 1–2-week extension? A. The Proposal submittal time has been changed to Tuesday, September 9, 2025 at 2:30pm. The last day for questions is now noon on Tuesday, September 2, 2025.
1.22	Q. Can we provide a quote to provide options for three communication methods for the County to choose instead of two? A. Yes
1.23	Q. Can a vendor provide a quote instead of utilizing the price form since it is unknown what equipment will be purchased during each of the four phases and maintenance is complicated to quote without knowing what is being purchased and when the phases will be completed? A. This question needs to be more specific in order to be able to answer correctly. Pricing is 30% of the evaluation criteria. The county will evaluate cost as the total cost of ownership (including equipment, installation, and training), transparency and breakdown and long-term maintenance costs. It will also need to be broken into phases in the event adequate funding is not available.

END OF ADDENDUM
